MPOFU ENGINEERING PROJECTS

CORPORATE PROFILE

[Website: www.mpofuengineering.co.za](http://www.mpofuengineering.co.za)

ABOUT US

Mpofu Engineering Projects (MEP) is a South African 100% black-owned and managed human resources Company offering business enabling and professional solutions to organizations.

Mpofu Engineering Projects invested interest in the sector providing turnkey solutions. MEP is built on client-focused approach where our people, services, processes and procedures revolve around our clients' needs and expectations. Our extensive expertise ensures that we provide a professional yet personal service to our valued clients.

Whether training is undertaken at employer's premises or as otherwise arranged, we are accredited by the relevant Education & Training Quality Authorities (ETQA's) and approved by any relevant Government Departments as required by appropriate Regulations. Facilitators/Assessors are registered with the relevant ETQA.

We are BEE Certified Level 1 (135%) company but is nevertheless committed to make a positive effort to contribute to the upliftment of individuals and groups who were socially and economically disadvantaged.

We form partnerships with our clients to enable them to achieve self-sustaining improvements

MISSION STATEMENT

Our mission is to be the preferred service providers in South Africa while adding value to our clients by assisting them reach their full potential in order to achieve their goals. Enhance our customer's business by providing the very highest quality training services possible and to ensure learning outcomes are achieved by learners. Above all we value a long-term relationship with our customers.

VISION

To provide world class services with high standards of professionalism.

OBJECTIVES

- To identify and meet the needs of its customers and other interested parties (Learners, suppliers, owners, society etc.), to achieve a competitive advantage, and to do this in an effective and efficient manner.
- To achieve, maintain and improve overall organisational performance & capabilities, in accordance with applicable accreditation requirement

CONCLUSION

In terms of current accreditation requirements, providers are expected to implement a Quality Management System that addresses continuous improvement in training and assessment services. Mpofu Engineering Projects is committed to this approach that will in turn have a positive and effective effect on your training requirements.
